

Projections of Grief

Offered by Androscoggin Home Healthcare + Hospice

Movies are a wonderful way to begin a discussion about difficult topics. While some might want to protect children from movies that are “too sad” or “too difficult”, these can be a great way to give children the emotional vocabulary needed to express themselves and realize they are not alone in their experiences.

The “Projections of Grief” is a monthly program for children and teens (under the age of 18). Please join us for a recommended monthly movie that addresses grief and loss.

Arrive early for a selected Art of Grieving craft activity. After watching the film with family and/or friends, you will be joined by the Androscoggin Bereavement Team to discuss the movie.

Admission is free and popcorn will be provided!

To register or for more information, please call 207-795-9468.

The movie will begin at 6pm October 6th with discussion to follow afterward

October 2022

Onward

In a suburban fantasy world, two teenage elf brothers, Ian and Barley Lightfoot, go on a journey to discover if there is still a little magic left out there in order to spend one last day with their father, who died when they were too young to remember him. Like any good quest, their journey is filled with magic spells, cryptic maps, impossible obstacles and unimaginable discoveries. When the boys' fearless mom, Laurel, realizes that her sons are missing, she teams up with the legendary winged-lion-scorpion former warrior -- The Manticore -- and heads off to find them. Perilous curses aside, this one magical day could mean more than any of them ever dreamed.
